Erratum: Multi-lambda hypernuclei and the equation of state of hypermatter

M. Rufa, J. Schaffner, J. Maruhn, H. Stöcker, W. Greiner, and P.-G. Reinhard

A misprint appeared in the last line of Eq. (3). The corrected line should read:

\[ \varepsilon \Lambda \varphi a \Lambda = \gamma_0 \left| -i \gamma \cdot \nabla + m_{\Lambda} + g_{\sigma \Lambda} \phi + g_{\omega \Lambda} \phi_0 \right| \varphi_{a \Lambda} \].

Furthermore, the citation of Ref. 17 has been left out at the end of the first paragraph in the Introduction.
