Preface

The National Archives of Malawi is pleased to release the 1997 - 2001 edition of the Malawi National Bibliography. This Bibliography supercedes the 1991 - 1996 edition which was published in 1999. The Bibliography lists publications which have been deposited in the Library of the National Archives for a specific period. The first

*O. W. Ambali
Acting Director*

edition which resembled this publication appeared in 1963 under the title: "**List of Publications Deposited in the Library of the National Archives**" in which was recorded publications received in 1961 from the two Rhodesias and Nyasaland. The name "Malawi National Bibliography" was first printed on the second edition which was released in 1967 in mimeograph form, listing Malawian imprints received during the transitional period of the Federal Government to the Republic of Malawi.

Since then the Bibliography has been published annually

or in cumulations of two, three and five years depending on the literature output received in the National Archives for that particular period, and also in some cases the publication had to be postponed due to financial constraints. We wish to acknowledge with thanks the GoM/EU Promotion of the Rule of Law and Improvement of Justice Programme for providing the financial resources to enable us publish this edition of the Malawi National Bibliography.

With the present proliferation of the publishing industry in Malawi and funds permitting, we intend to publish the Bibliography on annual basis as was initially envisaged, and also produce select bibliographies on issues of special interest to our clients. Although the Bibliography is not fully comprehensive in coverage, we are hopeful that Africana librarians and researchers will find it a useful bibliographic tool in their quest for published literature on Malawi.

With the global expansion of Information Technology (IT) and in an effort to extend its services closer to the clients, the National Archives of Malawi will soon join the international community in the information super highway. People wishing to get in touch with us will shortly find us on the Internet. Our web address is **<http://www.sdn.org.mw/~archives/index.html>**. A copy of this edition of the Bibliography can also be browsed through on our web page.

We would also like to thank all publishers in Malawi who honoured their obligation by depositing a copy of their publications with us.

Lastly the National Archives of Malawi regrets to announce the death of Mr. L. K. A. Lwesya who passed away on 25th March, 2000. Mr. Lwesya was until the time of his death the Acting Director of Archives. May his soul Rest in Peace (RIP).

Introduction

One of the major functions of the National Archives of Malawi is to collect and preserve all the printed literature relating to Malawi. The Printed Publications Act of the Laws of Malawi (Cap. 19:01) confers on the National Archives a legal depository right to receive a free copy of every publication produced or published in Malawi. Every publisher in the country is obliged to abide by this Law. This bibliography is a listing of publications deposited in the National Archives of Malawi Library between 1997 and 2001 under the provision of the Act. It supercedes the 1991 - 1996 edition.

*S. S. Gondwe
Assistant Librarian*

Scope

The publications listed in this bibliography include books, pamphlets, new serial titles, reports of Government ministries and departments, statutory bodies, societies, churches, etc. Ephemeral publications and other non-print items have not been included since the Printed Publications Act does not extend to them. Maps, though covered by the Act, have also not been listed.

Description

The bibliographic description of the publications listed has been done according to the Anglo-American Cataloguing Rules, 2nd edition (AACR2) with minor variations where necessary. Following the introduction of the International Standard Book Numbering (ISBN) system in Malawi in 1991, most entries include ISBNs.

Arrangement

The main body of the bibliography is arranged according to 100 subject divisions of the Dewey Decimal Classification Scheme, i.e the subject divisions ranging from 000 to 900. Under each division the entries are arranged in alphabetical order by their main entry headings.

Following the main body of the bibliography is a list of the first issues of serial publications received during the period covered by the bibliography. These too have been arranged in alphabetical order by their titles. There is also another list of serial titles which have ceased or changed titles.

Each entry in the bibliography is preceded by an entry number. The entry numbers are also reflected in the indexes.

Subject Headings

Most of the publications listed in the bibliography have been assigned subject headings. Pure fiction and serial publications are exempted from this arrangement. The subject headings are derived from the 12th edition of the Library of Congress subject headings but where necessary, local variations have been adapted.

Indexes

Two sets of indexes, referenced by item number are provided to facilitated easy location of the required items in the bibliography. These are for the author and subject indexes.

Directory of Publishers in Malawi

The directory mainly includes publishers whose publications have been listed in this bibliography and those who deposited the publications for our previous edition. This directory can be consulted on Appendix I

The Printed Publications Act

Appendix II which is at the end of the bibliography gives a full text of the Printed Publications Act which provides the National Archives of Malawi with the legal basis for the acquisition of all Malawian imprints.
