Dear all,

the journal CDDisc would like us all to approve the addition of Sara Wiedemann as additional author to our manuscript. Sara is a new colleague who has helped us with the experiments during the revision. This confirmation is a common formality required when you add authors during revisions.

**Could I please ask you all to reply to this email stating that you agree to the change in authorship as per the journal's instructions below?**

"It has come to our attention that your most recent author list differs from the one in your original submission. We find that the following authors have been added since your initial submission: Sara Wiedemann

Please request agreement from all authors including additions and deletions, these can be collected in the following way:

Email your co-authors with the change, and ask them to reply to your email confirming that they agree to these changes. Once you have collected these replies, please combine all of the co-authors' email responses in one document and upload this file to your submission."

Thanks a lot,

Meike

Dear all,

the journal CDDisc would like us all to approve the addition of Sara Wiedemann as additional author to our manuscript. Sara is a new colleague who has helped us with the experiments during the revision. This confirmation is a common formality required when you add authors during revisions.

**Could I please ask you all to reply to this email stating that you agree to the change in authorship as per the journal's instructions below?**

"It has come to our attention that your most recent author list differs from the one in your original submission. We find that the following authors have been added since your initial submission: Sara Wiedemann

Please request agreement from all authors including additions and deletions, these can be collected in the following way:

Email your co-authors with the change, and ask them to reply to your email confirming that they agree to these changes. Once you have collected these replies, please combine all of the co-authors' email responses in one document and upload this file to your submission."

Thanks a lot,

Meike
