

Additional file 11

Additional file 11. Hierarchical cluster analysis and heatmap showing expression of angiogenesis-associated genes (taken from PANTHER pathway) in UKF-NB-2, UKF-NB-2^{rVCR}¹⁰, or UKF-NB-2^{rCDDP}¹⁰⁰⁰ cells. Data were merged from two independent experiments each comparing UKF-NB-2 cells with a chemoresistant sub-line. UKF-NB-2a was analysed together with UKF-NB-2^{rVCR}¹⁰. UKF-NB-2b was analysed together with UKF-NB-2^{rCDDP}¹⁰⁰⁰.
