A la manière d'un clinicien, le cinéaste observe, recueille et organise les éléments explicatifs des modes d'agir et d'être des uns et des autres.

In: *Premiere* 3,12, Jan. 1996, p. 20. - Ken Loach has criticised the distribution company Artificial Eye for the limited release and marketing of *Land and Freedom*. He argues that it should have made it to the multiplexes, and not limited to arthouse cinemas.
