Social inequalities in the participation and activity of children and adolescents with leukemia, brain tumors, and sarcomas (SUPATEEN): a protocol for a multicenter longitudinal prospective observational study

Dear Ms. Roick,

Your manuscript "Social inequalities in the participation and activity of children and adolescents with leukemia, brain tumors, and sarcomas (SUPATEEN): a protocol for a multicenter longitudinal prospective observational study" (BPED-D-19-01521) has been assessed. I am pleased to inform you that it is potentially acceptable for publication in BMC Pediatrics, once you have carried out some essential revisions:

**** Thank you very much for considering our manuscript for publication in BMC Pediatrics.****

-- Please ensure that all tables are cited within the text. Any items which are not cited may be deleted by our production department upon publication.

**** I added a citation to table 1 in the manuscript. All tables and figures are now cited.****

--Please include a note in the funding statement that the funding body has peer-reviewed the ms as part of the award process.

**** This note was added to the funding statement.****

-- At this stage, please upload your manuscript as a single, final, clean version that does not contain any tracked changes, comments, highlights, strikethroughs or text in different colours. All relevant tables/figures/additional files should also be clean versions. Figures (and additional files) should remain uploaded as separate files.

**** The uploaded version does not contain any tracked changes, comments, highlight, strikethroughs or text in different colours. Tables and figures are also in clean versions.****
