Gómez-Vásquez J.D. 2024. New records and five new species of sipunculans (Sipuncula) from the central and northwestern Mexican Pacific – Corrigendum. *European Journal of Taxonomy* 943: 310–312.

<https://doi.org/10.5852/ejt.2024.943.2609>

The present corrigendum corrects errors that occurred in Gómez-Vásquez (2024). Thus, Figs 13–14 were misplaced such that Fig. 13 on page 207 for *Phascolosoma (Phascolosoma) azteca* Gómez-Vásquez, 2024 (described as a new species) actually shows *P. (P.) perlucens* Baird, 1868 and Fig. 14 on page 208 for *P. (P.) perlucens* actually shows *P. (P.) azteca*. The correct configuration of these two figures is given on the following two pages, which replace those published in Gómez-Vásquez (2024) (please note that the figure legends have been updated accordingly).

Printed versions of all papers are also deposited in the libraries of four of the institutes that are members of the EJT consortium: Muséum national d'histoire naturelle, Paris, France; Meise Botanic Garden, Belgium; Royal Museum for Central Africa, Tervuren, Belgium; Royal Belgian Institute of Natural Sciences, Brussels, Belgium. The other members of the consortium are: Natural History Museum of Denmark, Copenhagen, Denmark; Naturalis Biodiversity Center, Leiden, the Netherlands; Museo Nacional de Ciencias Naturales-CSIC, Madrid, Spain; Leibniz Institute for the Analysis of Biodiversity Change, Bonn – Hamburg, Germany; National Museum, Prague, Czech Republic; The Steinhardt Museum of Natural History, Tel Aviv, Israël.

Fig. 13. *Phascolosoma (Phascolosoma) azteca* Gómez-Vásquez, 2024 (EMU-13443). A. Lateral overview, introvert contracted. B. Close-up of introvert base and anal area. C. Tentacles. D. Mid posterior hook; asterisk indicates bubble inside clear streak. E. Illustration of hook. F. Internal anatomy. Abbreviations: see Material and methods in Gómez-Vásquez 2024. Scale bars: A, F = 2 mm; B–C = 0.5 mm; D–E = 20 μ m.

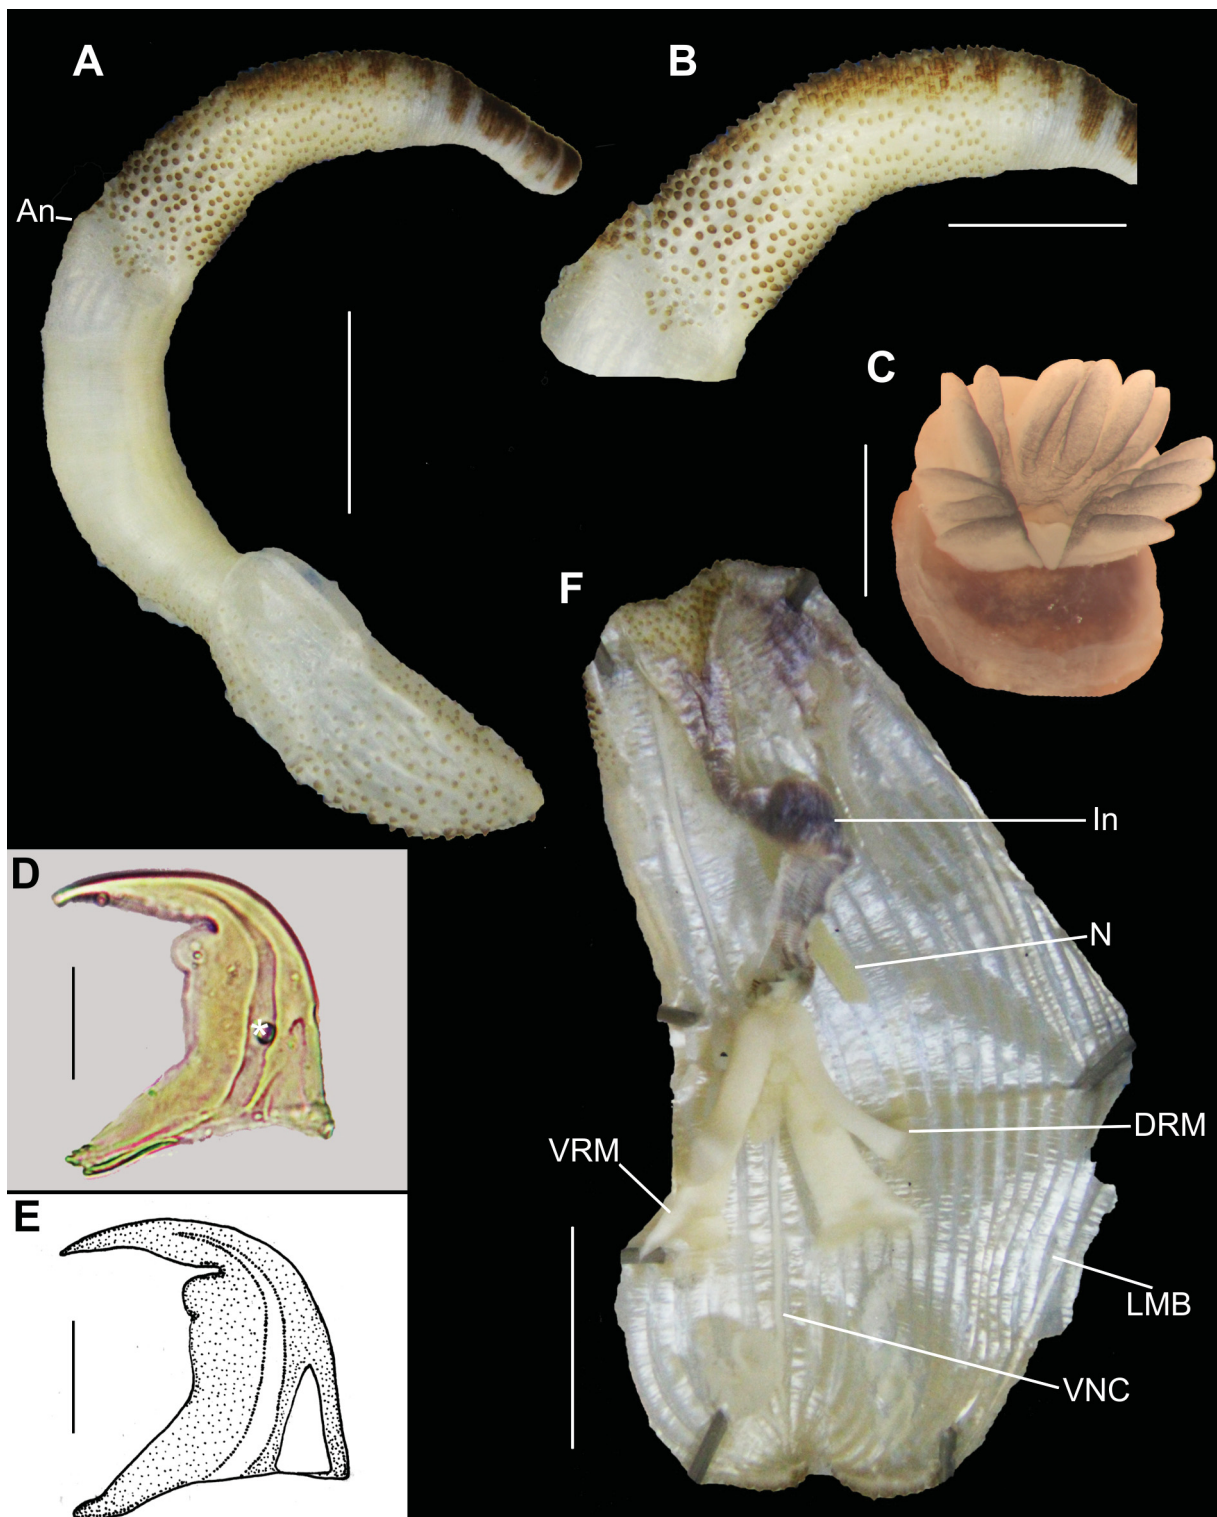

Fig. 14. *Phascolosoma (Phascolosoma) perlucens* Baird, 1868 (ECOSUR S0044). **A.** Lateral overview, introvert contracted. **B.** Close-up of introvert base and anal area. **C.** Tentacles; asterisk indicates position of mouth. **D.** Mid-posterior hook; asterisk indicates bubble inside clear streak. **E.** Illustration of hook. **F.** Internal anatomy. Abbreviations: see Material and methods in Gómez-Vásquez 2024. Scale bars: A, F = 4 mm; B = 2 mm; C = 0.7 mm; D = 20 μ m.
